Workshop on

Latest Technology and Trends in Archaeology and Museum Conservation

27th September, 2025

9:00 AM - 12.30 PM

@ Hirak Mahotsava Hall, Gujarat Vidyapith, Ahmedabad

: Coordinator :

Kaushik Vala : 9327112627 | Kishan Batavia : 9426635181

Prime Minister Narendra Modi, in his address at the inauguration of the 46th Session of the World Heritage Committee, articulated a powerful vision for modern India: **"Vikas Bhi, Virasat Bhi"**—Development with Heritage. This guiding principle underscores the belief that in our rapidly advancing world, technology and tradition must not be seen as opposing forces but as powerful allies.

To bring this vision to life and explore how modern tools can illuminate our rich cultural legacy, the **Gujarat Puratattva Mandir**, in a unique collaboration with **BIM INFRASOLUTIONS LLP**, is proud to host a one-day workshop. This event, titled **"Latest Technology and Trends in Archaeology and Museum Conservation,"** is an initiative to bridge the gap between our ancient past and a technologically-driven future.

About the Workshop

This workshop offers an in-depth exploration of how cutting-edge technologies are reshaping the fields of archaeology and museum conservation. We aim to bridge the gap between theoretical concepts and practical applications, providing valuable insights for professionals, students, and enthusiasts alike.

Key Topics Include

- 3D Laser Scanning – Creating precise digital models of artifacts and heritage sites.
- Drone Services – Aerial photogrammetry for mapping and monitoring.
- Geospatial Solutions (GIS) – Analyzing spatial data to uncover hidden patterns.
- AI and Automation – Revolutionizing data analysis and conservation.
- Real-World Case Studies – Practical experiences and field challenges.

Who Should Attend?

- Archaeologists and Museum Curators
- Conservation Professionals
- Students & Researchers
- Anyone interested in the intersection of technology, history, and preservation
